The man who put his finger into an electric fan to see if he would stop it, can now sympathize with the man who "put his foot in it."

The negro plank in the Republican national platform leads us to suspect that Crumpacker kept on sawing wood till he reached the nigger in the wood pile."

The figures on Col. Bryan's tally skirt tell him that the "reorganizers" will be beaten at Louis next Wednesday, Col. Bryan's figures ought to be ashamed to prevaricate like that.

If the big battle on the bill as "imminent" at Port Arthur isn't pulled off before next Wednesday the Democratic national convention will crowd the account of it into the "crisp condensation column."

The Republican elder statesmen objected to Secretary Cortelyou as national chairman because he has no experience. A big campaign fund can buy all the experience that is needed to run a Republican campaign.

A New York man who owns a one-horse carriage has married a girl who rides in nothing but automobiles. That will be entirely sufficient to make the Carnegie hero fund sit up straight. If he will look on the divorce docket he will see his finish.

Some Republicans dread that National Chairman Cortelyou "will conduct the campaign in too lady-like a fashion." Of corset stands to reason if he does the Democrats will nevertheless refuse to believe that a Republican campaign manager can keep his skirts clean.

In the last battle of the Uraguirians recently, 600 men were killed. The Latins seem to be their own boll weevils of the race. Every kid born in South America, after he gets big enough knows what a revolution means, and knows that powder and shot will prevent his hair from turning gray.

Grant tried bayonet rule in the South in order to "reconstruct" us in the Republican way. We, however, hoed our own row in our own way. What Grant couldn't do, Teddy shan't. We refused to be even amused at a Rough Rider's antics on his broncho. You can't prostrate a wily working man.

The newspapers, some of them of a Republican persuasion, are howling because a negro boy and a white girl stood on the platform in the Republican national convention and waved the United States flag. This flags down our train of thought long enough for us to yell from the rear platform that Roosevelt's war paint is mixed colors.

HOUSE OF CORRECTION

Judge Allen's Urgent Recommendation Finds Favor With the Commissioners.

REPORT OF THE GRAND JURY.

Reiterates Desirability of Establishment of the Institution—Information Being Gathered from Other Counties—The Methods.

Judge Oliver H. Allen's vigorous agitation of the establishment of a house of correction or reformatory for youthful criminals in New Hanover county has brought to a focus some very strong ideas favorable to that end which have prevailed on the Board of County Commissioners for some time. Judge Allen's long connection with the courts of the State has convinced him beyond peradventure of the great desirability of such an institution for certain classes of criminals and he is advocating that doctrine of criminology with a will, both from the bench and during his intercourse with the people in the every day walks of life. He charged the last grand jury strongly on that point with the result that the body strongly recommended the establishment of a reformatory or work house, and at this term, His Honor spoke with equal power of reasoning to the succeeding grand jury. The result is that the report of the latter yesterday also came out strongly in advocacy of the idea.

Yesterday afternoon the County Commissioners were in special session to pass upon applicants for liquor licenses and the subject was revived, more or less informally, among several members of the Board. Chairman McEachern said that it would hardly be possible, for a combination of reasons, to do anything before the beginning of the new fiscal year December 1st, but that the Board was very much in favor of the idea. The Commissioners are now writing to several counties in the State which are understood to have improved methods in handling certain classes of criminals and that as soon as all the information possible is in hand, an effort will be made to get a special act through the Legislature authorizing the machinery for such an institution.

With the establishment of the new institution will also come a changed and improved method of conducting the County Home. The county there has a tract of several hundred acres of fine virgin land, only about 40 or 50 acres being cleared on the tract. It is the purpose of the Commissioners to hire a competent superintendent at a reasonable salary instead of letting out the county poor at so much per head for their care as is done at present. The superintendent will be given joint control over the County Home and the proposed work house or reformatory, which will be operated on the same farm. A number of additional acres of land will be cleared and the institutions will jointly be made self-sustaining or as nearly so as is possible. The matter is now in the hands of the County Home Committee composed of Messrs. M. W. Divine, D. McEachern and Capt. Wm. F. Robertson.

GRAND JURY'S REPORT.

The grand jury's report yesterday afternoon was as follows:

To Your Honor, Judge O. H. Allen:

We, the grand jury, beg leave to report that 16 bills have come before us, 10 of which were found true bills and five not true bills. One bill was returned for want of witnesses, and also one presentment. We visited the jail; found its condition good and safe, so far as we could see. The comfort and care of the prisoners seemed to be all that could be expected. We deemed it unnecessary to visit the County Home, as your honor suggested that a former grand jury had very recently made a full report of its condition. We would like to endorse most especially the recommendation of the last grand jury that a house of correction be established for the care of juvenile inebriates and criminals who cannot be sent to the roads.

Respectfully submitted,
W. H. Turlington, Foreman.
W. B. Cooper, Secretary.

Want Election in Myrtle.

The town of Myrtle, Brunswick county, which became celebrated during the temperance agitation during the session of the last Legislature is now to the fore again with a proposition from one-third of its 33 qualified voters for a prohibition election. R. P. Dyson, one of the commissioners of the town, is said to be at the head of the movement. COUNTY GRANTED LICENSE.

Commissioners Pass Upon Applications for Renewal of Liquor Licenses. Some Endorsements Questioned.

The County Commissioners were in session from 3 to 6 o'clock yesterday afternoon examining and passing upon applications for renewal of liquor licenses for the six months ensuing July 1st. The tax books were consulted to ascertain if the signers of the applications were free-holders and five were found not to be in due form as measured by that standard. The Commissioners conceded that the tax books did not show all the free-holders in the county inasmuch as some of the lands might be listed as estates, but they held that it was incumbent upon the applicants for license to show that the signers were free-holders, the approval of the names being a matter entirely discretionary with the Board. At the same time the Commissioners disavowed any purpose to be arbitrary or harass the dealers and before adjourning delegated to Chairman McEachern the authority to grant the licenses when the defects were remedied, which was done by a majority of the applicants who were temporarily refused license. It was stated that this action would obviate the necessity for closing of any saloons at the expiration of the old licenses last midnight. The dealers licensed were 58 in number as licensed by the Board of Aldermen with the addition of W. H. Stokley and J. F. Mason, in the country.

Upon the granting of the applications each dealer applied for the same and being duly countersigned by the Register of Deeds the licenses were issued from the Sheriff's office upon payment of $300 State and County taxes. Deputy Sheriff James H. Taylor, Jr., was busy handling the "long greens" all the afternoon, taking in something over $10,000. The Sheriff's office presented the appearance of a Monte Carlo while it lasted.

SWIMMING POOL ABOUT COMPLETE.

Excellent Opportunity for Boys and Young Men to Receive Accomplishment.

The fine swimming pool at the Y. M. C. A., after several weeks of rush, night and day work by the contractors, will be completed to-day. The pool is finished to resemble slate or gray marble and is one of the finest in the South. It is of graduated depth to 6¼ feet and provides an excellent place for beginners as well as experts. Mr. Dushan will have charge of the pool and will give special instructions to all who desire to learn the art of swimming—a very valuable accomplishment, especially to those who reside on the seacoast where frequently life or death may depend upon one's knowledge of taking care of himself or others in water. The attention of parents is called especially to the instruction which is free to members and the membership fee is only $5 for the entire year with all other Association advantages. The pool will be formally opened on July 10th. The well drilled by Mr. John Rowan affords an abundant supply of clear, pure water for the pool. The room containing the pool is now being over-hauled by Mr. W. D. Coleman.

Big Excursion from Clinton.

Partrick's excursion from Clinton and intermediate points yesterday was one of the largest of the season, nine coaches upon the train's arrival at Wilmington having been jammed and packed with between five and six hundred people. Most of them spent a pleasant day at the beach, returning at 8 o'clock last night.

— Mr. W. J. Adams, of Carthage, was here yesterday.

FAILED TO CONVICT.

Evidence Insufficient in the Murder Trial in the Superior Court Yesterday.

DEFENDANTS DISCHARGED.

J. F. Enneti Fined $50 and Costs Upon Condition That He Discontinue the Liquor Business—End of Docket Will be Reached To-day.

The murder trial of the Nelsons, white, and Jane Williams, colored, came to an abrupt ending yesterday at 1 o'clock upon completion of the testimony for both sides. After introducing three or four witnesses, the defendants' counsel demurred to the evidence as being insufficient to convict. Judge Allen ruled with the attorneys for the prisoners, and the defendants were discharged. The entry upon the clerk's docket is as follows:

"State vs. Albert Nelson, Bertha Nelson and Janie Williams, murder; by direction of His Honor, after the evidence had closed, the jury returned a verdict of not guilty, and thereupon, on motion, the prisoners were discharged."

Upon the convening of court yesterday morning the hearing of evidence for the State was resumed. Chief of Police Furlong told of having visited the house where the dead man lay, of having found $7 in money in the remnants of an old mattress which had been strewn over the floor and of having directed the arrest of the defendants and the detention of certain witnesses for the coroner's inquest. Dr. E. J. Wood testified as to having assisted with the autopsy on the body of the deceased and gave expert testimony as to anuerism, their causes, etc. Dr. T. S. Burbank also testified as an expert in relation to those matters and the State rested about noon.

The defendants' counsel introduced Mr. George Schnibben to prove the bad character of certain of the colored witnesses for the State. The defence also introduced Hannah Byrd, Georgina Hicks and Bella Wagner, colored women who were in the neigbhorhood of the Williams' house the night of the death. The evidence in its entirety was far from conclusive and entirely circumstantial. The disposition of the case meets with public approval, but at the same time there is an absolute lack of sympathy for the prisoners, whose lives has been a stench in the nostrils of the community.

The only other case of interest in the court yesterday was that of J. E. Enneti, who was charged in the second count of having sold liquor on Sunday. He was represented by Woodus Kellum, Esq., and submitted to the charge. The following entry was made upon the clerk's docket:

"State vs. J. E. Enneti, selling liquor on Sunday. Having on yesterday plead guilty, defendant is sentenced to pay a fine of $50 and costs, it being understood that he is to discontinue his present business after to-night or surrender his license."

A little after 4 o'clock the grand jury came in with its report, which took the usual course and members of the jury were discharged with the thanks of the court. The report is published in full elsewhere in to day's paper.

Court will probably adjourn for the term to-day. The following talesmen were drawn for to day: A. M. Pate, G. W. Duncan, Clinton Carroll, Jno. B. Griffith, Jesse Haskett, W. McD. Evans, D. S. Bender, Fred W. Moore, J. C. Loftin and W. J. Jordan.

THE DROUGHT IS BROKEN.

Copious Showers Have Fallen All Over Wilmington District—Temperature.

The drought throughout all this section appears to have been at last broken. Crops were beginning to "fire up" for the want of rain, but copious showers all over the Wilmington district have made a wonderful improvement and the prospects for all crops are said to be good. According to the Cotton Region Bulletin issued by the Weather Bureau for the 24 hours ended at 8 o'clock yesterday morning, rainfalls were reported from the several stations as follows: Wilmington, 1.10 inches; Charlotte, 1.60; Cheraw, .98; Florence, 1.56; Goldsboro, .33; Greensboro, 13; Lumberton, 2.91; Newbern, .64; Raleigh, 1.62; Weldon, .05. The average was 1.09 inches. Heavy rainfalls are also reported from a number of stations in Mississippi, Georgia and Louisiana. Temperatures are somewhat lower over the cotton belt.

POSTAL FIGURES DO NOT LIE.

Receipts at Wilmington Office Show Increase for Month and Quarter.

It is an axiom that postoffice figures never lie about the prosperity of a town or community, therefore there is gratification in digesting the following statistics of business at the Wilmington postoffice for the quarter ended last night:

For the three months ended July 1st, 1904, the postal receipts were $16,943.56; for the corresponding quarter last year, $14,482.46. Gain in favor of the present three months, $2,460.10. Receipts for month ended last night, $5,007.36; corresponding month last year, $4,571.23. Gain in favor of June this year, $436.13.

— Miss Irene Peterson, who attended Northfield Seminary at Northfield, Mass., the past year, arrived home yesterday evening, accompanied by her friend, Miss Helen Thompson, of Yonkers, N. Y.

DR. VANN ON DISPENSARY.

Spoke to Open-Air Meeting at Fifth and Nun Streets Last Night—Other Dates Announced.

Dr. R. T. Vann, president of the Baptist Female University, addressed a large open-air meeting of ladies and gentlemen on the dispensary question from an improvised platform at the intersection of Fifth and Nun streets last night at 8:30 o'clock. Those who heard the address pronounced it an able, open discussion of the issue from the point of view of the dispensary advocate. The meeting was called to order by Mr. R. G. Grady, chairman of the Anti-Saloon Campaign Committee, and the speaker was introduced by Rev. A. McCullen, pastor of Fifth Street M. E. church. The electric light on the street corner and a number of burning tar barrels gave a picturesque color to the meeting and the remarks of the speaker were frequently applauded.

Dr. Vann is the guest of Mr. S. H. Burtt, while in the city.

Chairman Grady announced after the speaking last night that Mr. W. C. Douglass, of Raleigh, would speak at Third and Market streets to-morrow (Saturday) night. Hon. H. A. London, of Pittsboro, a great temperance advocate, will speak here on the night of July 14th and Col. N. B. Broughton, of Raleigh, on the following night. As yet nothing has been heard from Dr. Calvin S. Blackwell, of Norfolk, but he is expected to speak later in the campaign.

NEGRO HELD FOR BURGLARY.

Frank Williams Charged With Breaking Into Mrs. Ganzer's Residence.

Charged with burglary in having broken into the residence of Mrs. C. H. Ganzer, on North Fourth street, while members of the family were at church last Sunday night, Frank Williams, a worthless negro, will be arraigned for preliminary trial before the Mayor at noon to-day. Williams was arrested at 1 o'clock yesterday morning by Policemen Guy and Howard, who had been detailed by Chief Furlong.

Entrance into Mrs. Ganzer's residence was effected by prizing open the blinds. A lady's gold watch belonging to Mrs. Avant, a daughter of Mrs. Ganzer, and $7 in cash were stolen. Williams pawned the watch to another negro named Charles Tyson and Tyson sold it to a negro named McDonald, who works at Koch's shingle mill up the river. McDonald offered to sell the watch to his employer, and Mr. Koch, having read in his newspaper of the robbery, pretended that he wanted to show the timepiece to his wife before buying it. He took the watch to the residence of Mrs. Ganzer and Mrs. Avant identified it. The facts were related to Chief Furlong. McDonald said he got the watch from Tyson and Tyson was arrested. Tyson said he got the property from Williams and Williams was arrested. He confessed to pawning it to Tyson and the latter was discharged. It is now up to Williams to go to the "pen" for a good long time or find the man from whom he claims to have gotten the watch.

PRETTY WEDDING AT BURGAW.

Miss Annie Highsmith Wedded by Mr. F. T. Croom—Elaborate Reception.

In the Baptist church at Burgaw Thursday night at 9 o'clock a large assemblage of friends and relatives witnessed a beautiful and impressive marriage ceremony when Mr. F. T. Croom, a popular young business man of that town, led to the altar Miss Annie Highsmith, the attractive young daughter of Mrs. Elizabeth Highsmith, and they were made man and wife, the Rev. M. C. Watson, assisted by the pastor of the Presbyterian church, officiating.

The church was beautifully decorated and thronged with a merry party of wedding guests, who were shown to seats by a clever quartette of ushers, composed of Messrs. Sam Hand, Alva Cowan, Grover Walton and David Bland. The bride was attended by her sister, Miss Cassie Highsmith, as maid of honor, while the groom's brother, Mr. A. B. Croom, was his best man. The flower girls were little Misses Lillie Belle Lany of Wilmington, and Marie Pulliam, of Burgaw. The bridesmaids and their escorts were Miss Exie Croom with Mr. Sam Highsmith; Miss Zelma Bland, Mr. Jess Rivenbark; Miss Mamie Barclay, Mr. Henry Player; Miss Izzbella Herring, Mr. L. Hand and Miss Maude Paddison, Mr. Loftin Larkins. The bride wore a white china silk trimmed with lace and carried an exquisite bouquet of white carnations. The bridesmaids and maid of honor were charmingly attired in white organdie and carried bouquets of pink carnations.

Following the ceremony an elaborate reception was given at the home of the groom.

Shipping During June.

The report of Capt. Edgar D. Williams, harbor master, shows arrivals of 23 vessels of 90 tons and over at the port of Wilmington during the past month, 20 of which were American vessels of 16,826 tons burthen and three foreign craft of 5,183 tons. The total tonnage is 22,009. The American vessels were nine steamers, 11,570 tons; two barques, 1,088 tons; one barge, 1,749 tons; eight schooners, 2,488 tons. The foreign vessels were two steamers, 4,635 tons, and one barque, 538 tons. The report compares very favorably with that of same month in preceding years.

Says Young is Solvent.

The Raleigh *News and Observer* of yesterday says: "Mr. J. C. Clifford and Mr. E. F. Young, of Dunn, who were in the city in reference to the bankruptcy proceedings against Mr. Young, who was president of the Merchants and Farmers Bank, which failed, left for home yesterday. Mr. Clifford and Messrs. Pou and Fuller, attorneys for Mr. Young, asked to have the petition, by which Mr. Young was declared a bankrupt, set aside, as he claims ability to prove his solvency. The Federal Court has allowed ten days to file an answer to the petition of the creditors on the motion to dismiss."

DEMOCRATIC PRESIDENTIAL TIMBER.

The man who supposes that the Democratic party is short on Presidential timber is reckoning without his host. Hundreds of strong men could be jumped up from the brush if need be, but the national Democratic convention next Wednesday will have for its consideration four men that it can commend to the American people for statesmanship and safety. With Judge Parker, Judge Gray, Senator Gorman and Mr. Olney to select from, the convention could not go very far wrong. Who will be named as the next President?

We have not many more days left for speculation as to whom the St. Louis convention will give us as our standard bearer. With profound admiration for all the men named above, THE STAR has recorded its choice and taken heed of the inevitable when it has on numerous occasions and early in the game pointed to Judge Alton Brooks Parker as the man to restore the Democratic party to fundamentalism, if not beat Roosevelt out of his rough-rider boots.

Parker's managers figure out his nomination on the second or third ballot, and we are convinced that the shouting will be on by the fifth ballot at least. By taking the cue from the Parker management, THE STAR announced several days ago that Missouri, the last State to name delegates, would instruct for its favorite son, Senator Cockrell. The telegraphic news in yesterday's STAR, giving an account of the Missouri convention, verified the forecast of the Parker managers. They have kept tab on the situation and we have kept tab on them and find that they can give a pretty correct idea of the situation. They have been in touch with the leaders from all the States and have kept well up with the delegates elected from the various conventions.

The candidacy of Judge Parker has been altogether admirable. There has been no desire to interwith the choice of the State conventions in a hunt for the nomination. The managers have simply submitted the availibility of their man and left the rest to the people. There has been work but no hurrahing, for it was Judge Parker's wish. The New York *World* reminds us of this attitude of Judge Parker when says that it must be borne in mind that the men who have been actively directing Judge Parker's campaign have refrained from being interviewed or making any claims in the newspapers. They have preferred to let the action of the States, as one after another the conventions were held, speak for themselves. They do not believe that the moment has arrived for them to go before the public with an official claim, but it is evident that they consider Judge Parker's nomination to be as certain as if it had already been made.

A semi-official statement from the Parker management gives the candidates the following strength on the second ballot:

Parker—Alaska, 6; Alabama, 22; Arkansas, 18; Connecticut, 14; Florida, 6; Georgia, 26; Indiana, 30; Kentucky, 26; Louisiana, 18; Maine, 1; Mississippi, 20; Montana, 1; New Hampshire, 5; New Jersey, 24; New York 78; North Carolina, 24; Ohio, 4; Pennsylvania, 12; South Carolina, 18; Tennessee, 24; Texas, 36; Vermont, 8; Virginia, 24. Total, 445.

Hearst—California, 20; Florida, 4; Hawaii, 6; Illinois, 54; Idaho, 6; Iowa, 26; Kansas, 7; New Mexico, 6; Ohio, 3; Oregon, 6; Nevada, 6; Rhode Island, 8; South Dakota, 8; Washington, 10; Wyoming, 6. Total, 176.

Gorman—District of Columbia, 6; Maryland, 16; West Virginia, 14. Total 36.

Olney—Massachusetts, 32; Ohio, 1. Total 33.

Wall—Wisconsin, 26. Total 26.

Cockrell—Missouri, 36. Total 36.

Doubtful—Colorado, 10; Delaware, 6; Kansas, 7; Maine, 11; Michigan, 28; Nebraska, 16; New Hampshire, 3; Ohio, 38; Oklahoma, 6; Oregon, 2; Pennsylvania, 52; Utah, 6. Total, 205.

All the delegates placed in the Parker column are not instructed for him, but most of them are, while all placed to his credit have expressed their preference for him. The favorite son vote will also go over to Parker, for they have also declared for him as second choice. This would bring the Parker total up to 540, and enough will go over from the doubtful column to give him the nomination.

The convention will have 994 delegates, and it will require 663 votes to make a nomination, that being two-thirds of the delegates.

It will require 498 votes to effect the organization of the convention as against Hearst and Bryan, and so far as that is concerned the reorganizers have put Bryan and Hearst out of business.

ROOSEVELT'S BUSY DAY.

The impertinent Atlanta *Constitution* asks this question:

"By the by, how is Teddy's personally conducted graft investigation progressing?"

Roosevelt nosed into his Augean stables enough to frighten him and make him so tired that the investigation had to be "postponed till after the election." In the face of the campaign he put up bluff enough to create the impression upon the people that he had started in to make a record in stamping out corruption, but he got far enough into it to see whom it was going to hurt and what party would be saddled with the wholesale rascality at Washington.

The meddlesome Democrats in Congress wanted to assist Roosevelt in his probings and to a great extent relieve him of a job too big for one or too men, but backed by his party Roosevelt sat down on the idea of any thorough investigation like that proposed by a lot of pesky and altogether officious Democrats.

The Republican National convention in its platform takes the position that the Republican tariff must be revised by Republicans "only when the interests of the country demand it," with emphasis on the "only when." Same way with Republican rascality. Republican corruption could not be safely trailed up through the initiative of a lot of Democratic sleuth hounds, because when they found it they would want to lay it bare to the gaze of the American people.

The Democrats in Congress made a tremendous effort to have a Congressionional investigation and not mere partisan inquiry into the affairs of the government of all the people. The Democrats, of course, were aware that any committee appointed by Congress to investigate frauds in the departments would be composed of a majority of Republicans, but the Republicans fought off investigation because a minority of the committee would be composed of Democrats who had no more sense than to be bent on taking the people into the confidence and exposing the rottenness to the public wonderment. All that the intermeddling Democrats got out of their desire to clean out the Augean stables was the palpable attitude of a Republican Congress that you must "set a thief to catch a thief." We will lose confidence in the American people if they fail to look at it that way. Sure, Mike!

Such questions as that asked by the over inquisitive *Constitution* proves that it is no lady. It puts in a most embarrassing position a gentleman with Presidential microbes gnawing at his vitals and keeping him so busy that he has no time to waste on a "personally conducted graft investigation" or trust-bursting stunt that would tax even Ajaxian strenuosity beyond the power of endurance. Dodging exposure of corruption and the exhausting efforts of of "fat frying" is all that a reasonable man could expect of Roosevelt when a campaign has to be fought against a lot of Democrats who are looking for trouble.

Questions of just three lines like that propounded by the officious *Constitution* bring on trouble. This is Roosevelt's busy day, and the Atlanta paper will have to accept our answer for him. It is no trouble for us to answer questions that are malevolently propounded with the design to bring on a premature setting off of "a bunch of fire-crackers on the end of a long stick of punk."

Says *Collier's Weekly*: "The world is fascinated just now by contemplating the vast consequences that follow the awakening power of Asia." That is going from the sublime to the ridiculous. We move to amend by striking out "Asia" and substituting "the radiant and flirtacious Summer Girl." P. S.—We must be pardoned for lugging in the Summer Girl but she is a alive issue that we have to meet during the campaign this Summer.

—The medal goes to the Colorado man who can read without laughing the Republican platform plank which declares that neither labor nor capital shall break the law.—Washington Post.

—How well the Roosevelt administration has carried out its pledge to continue the policies of the McKinley administration let the pineon-holed reciprocity treaties attest.—Atlanta Constitution.

—Senator Lodge must be disappointed to find that none of the trusts has taken to the woods or died of heart disease after reading his plank denouncing them.—Washington Post.

—The Constitution does not follow the flag, according to the Republican statesmen; but they have no difficulty in forcing the Dingley tariff into the Panama Canal zone.—Philadelphia Record.

—In the Trawsvaal and Orange River colony, if the present rate of intermarriage between Briton and Boer is kept up, within 20 years the two races will be so welded together as to be indistinguishable.—African Review.

—The end of the long quarrel between Roosevelt and Lou Payn seems near. Roosevelt has often described Payn as a briber, a rascal, in public and private life. Payn is the same man he was when Roosevelt denounced him, but Roosevelt—well, he needs the votes. Their reconciliation is a beautiful and touching sight, recalling the words of Scripture: "Righteousness and Peace have kissed one another."—Rochester Union and Advertiser.

TWINKLINGS

—"I will never give in," cried the hero, as he struggled desperately with the villain. "But you may give out," sarcastically chuckled the latter.—Princeton Tiger.

—Ascum—So you think the Bible is contradictory in spots? Henpeck—I must say I do. Ascum—Where, for instance? Henpeck—Well, I can't reconcile the statements that Solomon was the wisest man, and that he had so many wives.—Philadelphia Press.

—"What are you forever kicking for a raise in salary for?" asked the first clerk. "You're getting a good salary, ain't you?" "Yes," replied the other. Well, ain't you satisfied?" "Sure, but I don't want the boss to know it or he might cut me down."—Catholic Standard and Times.

—"Where were you when the shot was fired?" asked the judge of the female witness. "I was lying on the sofa in our back parlor," was the reply. "And where was your husband," asked his honor. "He was probably lying down at the court house," answered the witness. "He's a lawyer, you know."—Chicago News.

THE NANDKERCHIEF.

There Was a Time When It Was an Unmentionable Article.

The evolution of the pocket handkerchief is odd and interesting. Therewas a time when it was an unmentionable thing, says Modern Society of London—an article to be kept out of sight and referred to only in a whisper. In polite conversation it was carefully avoided, and as to one's being caught using a handkerchief it meant social ostracism.

This state of things obtained up to the time of the first Napoleon, when the Empress Josephine brought it forward for a personal reason. The only defect in her beauty was an irregularity of the teeth, and to hide this she used a delicate little handkerchief, which from time to time she raised to her lips. Thus she was enabled to laugh occasionally. Seeing that it was a case of either laughter going out or handkerchiefs coming into fashion, the court ladies adopted the pretty pieces of cambric and lace.

In England the evolution of the article which is now so openly displayed by women was equally slow. There was a time when it was forbidden to mention it on the stage or to make use of it even in the most tearful situation, while the people in the gallery and the pit shed their tears into their laps. Even when it was mentioned for the first time in one of Shakespeare's plays it was received with hisses and general indignation by the audience. Little by little, however, the prejudice gave way, and a time came when the handkerchief could be flourished in broad daylight.

When a woman gives up it is because she has gone to the utmost limit of strength and endurance. It is a marvel how women will stagger on under the daily household burdens when the whole body is racked with pain.

For the nervous, run-down condition which so many women experience, as a result of overstrain in household cares, there is no medicine can equal Dr. Pierce's Golden Medical Discovery. It strengthens the weak stomach by curing diseases of the organs of digestion and nutrition. It purifies the blood of poisons which cause rheumatism and other painful diseases. It nourishes the nerves, and builds up the body with sound, healthy flesh.

There is no alcohol in "Golden Medical Discovery" and it is entirely free from opium, cocaine and all other narcotics.

Accept no substitute for the "Discovery." There is nothing "just as good" for weakness, nervousness and debility.

"I want the whole world to know what Dr. Pierce's medicines have done for me," writes Mrs. Helen Hardgrove, of Bangs, Knox Co., O. "I had many of the ills of woman's life. My lungs and throat troubled me besides, and I had rheumatism. About a year ago I had to give up work. I was so bad. I had heard so much about your medicine I thought I would try it. I took four bottles of your 'Golden Medical Discovery' and 'Pellets,' and by the time I had taken half of the first bottle I began to gain, and kept on getting better. And now I have no more of my old ailments and am entirely cured of rheumatism. I feel like a new woman."

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

COTTON MARKETS.

By Telegraph to the Morning Star

NEW YORK, June 30.—The cotton market opened quiet at an advance of four to six points on the old crop and of one to three points on the new crop months, in response to steadier cables than expected and under covering, influenced perhaps by the disappointing showing made by a private crop report issued before the opening, which placed the July conditions of the crop at 83.2 per cent. But the weather over the South being regarded as practically ideal, there was no attempt at bull speculation and soon after the opening prices which at first had shown something of an advancing tendency, turned easier and sold off to a net loss of two to eight points. The market ruled quiet and irregular between that level and closing prices of the previous day during the balance of the session. A leading Wall street operator issued rather a bullish circular during the early afternoon but there was considerable selling by brokers supposed to represent this party in the afternoon, and while these offerings were taken in by other large room shorts, the market was finally barely steady at the lowest prices of the session, a net decline of two to eight points. Sales were estimated at 150,000 bales. It looked as though most of the smaller operators had been pretty well evened up for the holiday earlier in the week and larger interests as a rule seemed confident enough of their position to do little or nothing during the day's session. Wire houses with Southern connections were moderate sellers, but trading as a rule was local and professional in character. A feature of the day's statistics were the heavy clearances from New Orleans, but these figures had no perceptible effect on the market.

SPIRITS TURPENTINE.

—Captain S. A. Ashe, of Raleigh, writes a communication to the Raleigh Post refuting the charge that Justice Walter Clark was not Lieutenant Colonel of the 71st North Carolina Regiment during the civil war.

—Atlanta is to be made the headquarters of the civil service department of the government for the fifth district, embracing the States of Georgia, South Carolina, North Carolina, Tennessee, Alabama and Mississippi. Offices are to be opened there September 1st.

—Charlotte Chronicle: They are having a dispensary campaign in Wilmington. Monday night the board of aldermen held a special meeting and granted license to fifty-eight saloons. One man who wanted to put up a joint on the edge of the town was refused license. The board evidently did not want to reach the overflow stage.

—Charlotte News: The Washington Post has this caustic comment on the Roosevelt negro policy: "Lily White Republicans have been given to understand that they are just as good as negroes so long as they behave themselves and vote the ticket." Which is respectfully referred to Judge W. S. O'B. Robinson.

—Raleigh News and Observer: The best thing said in the State convention was by Reese Blair, of Troy, famous for bright sayings. While Dr. Faison was speaking of the Booker Washington dinner at the White House, Blair called out in stentorian tones: "We are against the President; not against the negro."

—Charlotte News: We have been insisting, lo! these many moons, that if the Republicans choose to make the "nigger issue" it would lose them some of the doubtful States, and for that reason we have been insisting that it would be the eminently sensible thing to nominate Aycock for Vice President and send him North to tell the folks just how it is.

—At Raleigh on Thursday a charter was issued to the Florence Skirt and Manufacturing Co., of Monroe. The capital is $5,000 subscribed and $50,000 authorized, the incorporators being B. F. Houston, W. S. Blackney and J. E. Stack. The company will make skirts for ladies and has authority to make clothing for ladies, girls and boys.

—Raleigh Post: Governor Aycock left last afternoon for Chapel Hill, where he delivered an address last night before the teachers of the University summer school. He will return to the city to-day and go Friday to Charlotte and then to Gastonia, where he will on Saturday deliver an educational address at a big educational rally that is designed to be a sort of inaugural for the county teachers' institute that is to be in progress during the month of July.

—Capt. Will Hinnant, of the Atlantic & North Carolina railroad, had a close call while his train was doing some shifting at Cove on Tuesday. His train was backing and Captain Hinnant was swinging from the bottom step of his caboose. He was signalling to the engineer when he struck a mile post with his right arm and shoulder. The post was knocked down and Captain Hinnant fell to the ground. He was painfully injured. It is almost a miracle that he could strike the post with such force and not get killed.

—Mr. J. C. Clifford and Mr. E. F. Young, of Dunn, were in Raleigh this week with reference to the bankruptcy proceedings against Mr. Young, who was president of the Merchants and Farmers bank, which failed. Mr. Clifford and Messrs. Pou and Fuller, attorneys for Mr. Young, asked to have the petition by which Nr. Young was declared a bankrupt set aside as he claims ability to prove his solvency. The Federal court has allowed ten days to file an answer to the petition of the creditors, on the motion to dismiss.

—Charlotte Chronicle: Here in North Carolina we are all more or less enthusiastic about the growth of our cities and towns. This enthusiasm is based upon a fair degree of success in manufacturing efforts and in the development of commerce. The success which our people have achieved and the prosperity which their labors have brought have been accomplished against odds which make a very serious and a very burdensome handicap and amongst these adverse influences are scant capital, want of familiarity with the manufacturing pursuits undertaken, want of skill in operatives and high and unequal freight rates.

—Hon. J. Y. Joyner, State Superintendent of Public Instruction, states that there remains of the State lands, in round figures five hundred thousand acres, in addition to a claim of the State in the nature of a mortgage in about 200,000 acres in Jones and Onslow counties, in which the Vedder heirs have an interest. During the past four years there have been sold of these State lands upwards of 25,000 acres at an average price of seventy-cents to one dollar per acre, the returns to the State being something in excess of $25,000. Of recent years there has been a growing activity in the State holdings of land and the prices paid have steadily increased so that the State board is now much more conservative in making sales than it was a few years since.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Charles Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood; but, when all other medicines failed, three $1.00 bottles of Dr. King's New Discovery wholly cured me and I gained fifty-eight pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung troubles. Price 50c and $1.00. Trial bottles free at R. R. BELLAMY'S drug store.

Dr. PIERCE'S FAVORITE PRESCRIPTION FOR WEAK WOMEN.

Schlitz Hops from Bohemia

We send our buyers there every year to get the best that are grown, and we pay twice what common hops cost

A partner in our business buys our barley, and selects the best from all.

We get our water from six wells, bored 1400 feet to rock.

Our yeast is all developed from the original mother cells which helped to make Schlitz Beer famous.

All the air that touches Schlitz Beer comes to it through air filters. And the beer itself is filtered through white wood pulp. Then we age it for months, until it can't cause biliousness.

We sterilize every bottle. Ask for the brewery bottling.

The Beer That Made Milwaukee Famous.

—Judge W. S. O'B. Robinson of Goldsboro was here yesterday on his way home from Chicago where he attended the national Republican convention. He championed the cause of the lily white faction from Louisiana and when they came out partial victors and were given seats in the convention they accorded Judge Robinson an ovation and bore him in triumph on their shoulders.—Raleigh Post, June 30.

—Mr. Eubedee—Yes, I've changed a good deal since then, Mrs. Jones. Mrs. Jones—And for the better, I trust. "They used to call me a wild youth, you remember; but now——" "Now?" "Now they call me an old reprobate."—Life.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equalled. Joe Golobick, of Colusa, Cal., writes: "For fifteen years I endured insufferable pain from rheumatism and nothing relieved me, though I tried everything known. I came across Electric Bitters, and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." It's just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by R. R. BELLAMY, druggist.

You cannot afford to grow old.
In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.
It is impossible to do this without retaining a luxurious growth of hair.

WILMINGTON, N. C.

FRIDAY MORNING, JULY 1.

SOUTH CAROLINA LYNCHING.

Negro Man Charged With Murder Forcibly Taken from Sheriff's Officers by Masked Men and Killed.

By Telegraph to the Morning Star.

CHARLESTON, S. C., June 30.—Cairo Williams, the negro who killed Thurston O. McGee, white, at Scranton, in Williamsburg county, last February, was taken from the Atlantic Coast Line train at Scranton this evening and lynched. Williams narrowly escaped lynching immediately after the killing and was spirited off to the penitentiary in Columbia for safe keeping and the mob was greatly enraged thereat. Last Monday Williams was brought from Columbia to Kingstree, the county seat, for trial. The result was a mistrial and the sheriff thought it safe to send him back to Columbia for safe keeping. As the train approached Scranton, a mob of lynchers with blackened faces and wearing masks flagged it with a red flag and searched the train for the negro, to the great terror of the passengers. Finally they found Williams and ordered the sheriff's deputies to deliver him up. This was refused and a scuffle ensued, in which the deputies were much bruised. The mob then took the negro away, saying that he would be dead in five minutes, and that was his fate, although the exact particulars are not available.

FAR EASTERN STRUGGLE.

Believed in Washington That There Will Soon be an Opening for Diplomacy to Exercise Its Peaceful Methods.

By Telegraph to the Morning Star.

WASHINGTON, June 30.——While the officials here are satisfied from their advices that the recent visit of King Edward to his nephew, Emperor William, was not brought about by a purpose to initiate a movement toward the restoration of peace between Russia and Japan, there is reason to believe that some very careful and discreet inquiries as to the opportunities of some such overtures at this time have emanated from Washington. It may be stated that the result has been to disclose the fact that neither of the belligerent powers is yet in a humor to sue for peace nor even to entertain overtures from any third power on that subject.

It cannot be said that the situation is sensibly changed from what it was a month ago, saving the fact that there is a more optimistic feeling in official quarters that there will soon be an opening for diplomacy to exercise its peaceful methods in the Far Eastern struggle.

SECRETARY SHAW'S STATEMENT.

Showing Government Receipts and Disbursements for Fiscal Year.

By Telegraph to the Morning Star.

WASHINGTON, June 30.—Secretary Shaw to-day gave out a statement showing the comparison between the estimates which he submitted to Congress in his last annual report and the actual receipts and disbursements during the fiscal year; from which it appears that the actual surplus is only about three-fourths of a million less than the estimated surplus when account is taken only of expenditures which were considered in submitting the estimates. In the estimate submitted to Congress no account was taken of possible expenditures in securing the right-of-way for the Isthmian canal, nor the loan of $4,600,000 to the Louisiana Purchase Exposition Company.

The estimated receipts of the government for the fiscal year were $530,000,000; actual receipts $541,186,745. The total estimated expenditures were $516,000,000; actual expenditures $527,939,071. Surplus, estimated $14,000,000: actual $13,247,674. The expenditures are exclusive of $54,000,000 paid on account of the Panama Canal and the loan to the Louisiana Purchase Exposition Company.

BRYAN WILL NOT BOLT.

Chairman Jones' Views as to the Possibilities at St. Louis.

By Telegraph to the Morning Star.

PITTSBURG, June 30.—William J. Bryan will not bolt his party ticket if Judge Parker is nominated for president. "Of this I am confident," declared ex-Senator J. K. Jones, national Democratic chairman, to-night, in this city, while en route to the St. Louis convention.

"As to what Mr. Bryan might do if Mr. Cleveland is elected I could not say, but I regard the nomination of Cleveland as little short of an impossible contingency. Outside of Judge Parker, Mr. Hearst will have the greatest number of instructed delegates. I regard Mr. Gorman as one of the strongest possibilities."

Mr. Jones does not think a bimetallism plank will be inserted in the platform.

RUSSIAN NAVY ON THE OFFENSIVE.

Vladivostok Squadron With Torpedo Boats Bombarded the Town of Gen San

NO GREAT DAMAGE DONE.

An Arrival from Port Arthur at New Chwang--Reports That Japanese Accounts of Fighting There Are Exaggerated—Military.

By Cable to the Morning Star.

TOKIO, June 30, 4:30 P. M.—The Russian Vladivostok squadron, accompanied by torpedo boats, appeared off the Gen San coast on the east of Corea, to-day. Torpedo boats entered Gen San harbor at 5:30 in the morning, shelled the settlement and sunk a small steamer and a small schooner. The torpedo boats left the harbor at 7:20. A total of 200 shells was fired into the settlement but no serious damage resulted.

The Russian vessels which took part in the bombardment of Gen San were the cruisers Rossia, Gromoboi and Rurik and nine torpedo boats. Later reports show the vessels, when they left Gen San, steamed to the north. They were seen, however, to return from this direction. They were lost sight of at 10:30 in the morning.

SEOUL, COREA, June 30.—Reports received here of the appearance of the Russian Vladivostok squadron off Gen San, on the east coast of Corea, say the warships were first seen at 5:30 o'clock in the morning. Four torpedo boats entered the harbor and sank a small steamer and a junk while the cruisers remained outside and shelled the Japanese barracks on shore. At the end of half an hour the Russians withdrew in the midst of a torrential downpour of rain, which prevented the lookouts from noting what direction they took.

The damage inflicted by the Russian fire was slight and no casualties have been reported. Further news, however, is expected when the telegraph wire between Seoul and Gen San, which was broken by the storm, is restored.

Reports From Port Arthur.

NEW CHWANG, June 30.—The Russian torpedo boat destroyer Lieutenant Burukoff arrived here from Port Arthur yesterday evening and is berthed alongside the gunboat Sivouch. The river bank was soon crowded with excited natives who were told by the Russians that the Japanese fleet had been completely destroyed.

The officers of the Lieutenant Burukoff tell several stories. One is that Admiral Togo's report of the fighting was exaggerated, and that the Russians have made two cruises in the gulf of Pe-Chi-Li in five days. Another story is that the Port Arthur fleet has joined the Vladivostok squadron.

The correspondent of the Associated Press sent a messenger who speaks Russian to the side of the destroyer, but the Russian sailors would not talk, except to say that they left Port Arthur Tuesday night. Every inch of the boat was crowded with men. She had the appearance of having been in a general engagement, her bow gun having been shot away, and it looked as if she had rescued many men. The Lieutenant Burukoff is one of the torpedo boat destroyers taken from the Chinese at Taku in 1900. The general belief here is she ran Admiral Togo's blockade and came here with dispatches for the army and for St. Petersburg. This is quite natural, as two Cossack officers were on board.

Fire at Cronstadt.

ST. PETERSBURG, June 30.—A fire at Cronstadt last night destroyed a shed containing twenty Whitehead torpedoes. An alarm was given in time to prevent serious loss of life or property. The torpedoes exploded, completely wrecking the building. The fire is believed to have been the work of incendiaries.

ST. PETERSBURG, June 30.—A Russian torpedo boat has arrived at New Chwang from Port Arthur. Her commander denies that any Russian ships were sunk or damaged in the fight off Port Arthur June 23rd. He declares that after clearing away the Japanese mines the whole Russian fleet returned safely to harbor. The commander of the torpedo boat also reports that two Japanese torpedo boats were crippled.

Kuropatkin's Report.

ST. PETERSBURG, June 30.—The following dispatch from General Kuropatkin to the Emperor, dated June 29th, was received to-day:

"Towards eight o'clock in the morning of June 27th our troops having dislodged the enemy's advance guard composed of cavalry and infantry, occupied the station of Senu-Chen, but at 9 o'clock it was discovered that a brigade of the enemy's infantry was advancing in front while other columns were turning our detachment's left flank. The town of Senu-Chen, which is surrounded by walls, was also occupied by the Japanese. Consequently at 11 o'clock our troops slowly withdrew. As regards losses we only know as yet that an officer and ten men were wounded.

"From the morning of June 27th the Japanese developed a frontal attack against our troops in Ta pass, simultaneously turning our right with at least a division of infantry and three field batteries.

"The fight lasted until 7:40 in the evening. In view of the enemy's great strength and the turning movement, our troops retired slowly from the pass. The enemy did not advance. Our losses are undetermined, but are estimated at about 200.

"On June 26th the enemy continued to advance from Fen Shui and Mo-Yien passes, frontally and flanking. At least eight battalions and ten guns were concentrated against Mo-Yien pass.

"At 4 in the afternoon the enemy occupied Kiu-Ta pass on the Liao-Yang main road.

"Since June 25 the Japanese have been advancing their right, occupying Saimaize the morning of June 26th, three companies advancing beyond.

"At first they forced back the Cossacks, but subsequently the Japanese were repulsed."

Japs Advancing.

LIAO YANG, Wednesday, June 29, (delayed in transmission.)—The Japanese column which forced the passage of Mo-tif pass is advancing on Liao-Yang by the eastern road. A Russian force, commanded by General Count Keller, is holding a fortified position commanding the road on this side of the pass. The object of the Japanese is to cut the Russian communications northward of Liao Yang while General Kuropatkin is operating in the vicinity of Hai-Cheng with practically the whole of the Russian forces.

ST. PETERSBURG, July 1, 8.57 A. M.—No further news has been received from the front up to this hour.

It is reported that heavy rains are hampering the movement of the army.

In all circles the greatest anxiety for news from the seat of war is manifested.

DELEGATES IN THE CONVENTION CITY.

Everything Seems to Be Awaiting Arrival in St. Louis of Democratic Leaders.

THE PRESIDENTIAL OUTLOOK.

Senator Dubois Sees Nothing But Parker. Attempt to Nominate Cleveland Will Throw the Convention Into the Hands of Bryan.

By Telegraph to the Morning Star.

ST. LOUIS, June 30.—Some Western delegates to the Democratic National Convention arrived to-day, but aside from their individual opinions they had no knowledge of what was going to be done when the Democratic National Convention meets next week. Everything seems to await the arrival of the leaders.

Senator Frederick T. Dubois, of Idaho, came in this evening and when asked what he thought of the Presidential outlook, he said he saw nothing but Parker.

"Who will they nominate after they have beaten Parker?" he asked.

"Would it be Cleveland?" he continued, "why there is more than a third of the convention that will stay here until the election before allowing the nomination of Cleveland. An attempt to nominate Cleveland will throw the convention into the hands of Bryan. The convention will nominate Parker because they have no other man to nominate."

Senator DuBois declares that he will force an anti-polygamy plank into the national platform. That will be his principal work while in St. Louis. He says that the Republicans feared they would lose Utah, Idaho and Wyoming if they declared against polygamy, but he claims that a strong declaration of that kind in the Democratic platform will carry these States for the Democratic party.

Former Senator George Turner, of Washington, came to St. Louis to-day with a small but earnest vice presidential boom. The States of Idaho and Washington are instructed to vote for Mr. Turner for that position.

Former Senator Frank J. Cannon, of Utah, says that he will not bolt this convention. "Eight years ago I bolted the Republican convention in this very town, and I have grown gray since that time trying to find proper political terminal facilities. Let them put anything they please in the platform and even nominate Grover Cleveland, and I'll watch the other fellow's walk out if they want to, but none of it for me. I have had all I want."

Besides Cannon there will be Senator Teller, of Colorado, Senator DuBois, of Idaho, former Senator Pettigrew, of South Dakota, Charles A. Towne, of New York, and Congressman John Lind, of Minnesota, delegates in the coming Democratic convention, all of whom bolted the Republican national convention held in St. Louis eight years ago.

Senator Jones, chairman of the Democratic national committee, will arrive in St. Louis to-morrow.

BOILER EXPLOSION.

Three Men Killed and Two Others Injured, One of Them Fatally.

By Telegraph to the Morning Star.

JOHNSTOWN, PA., June 30.—A locomotive boiler exploded on the Pennsylvania railroad while going up the mountain fifty yards from Ehrenfeld station to-day, killing three men and injuring two others, one of them fatally.

The exploding boiler belonged to a locomotive that was helping a freight train up the mountain. It let go without warning, lifting the boiler clear off the track and hurling it into the woods by the side of the track.

The three men killed were in the cab of the locomotive, while the injured were in the caboose of the freight train just ahead.

SHOT BY A NEGRO.

A Merchant of Paterson, N. J., Killed and Another Citizen Badly Wounded.

By Telegraph to the Morning Star.

PATERSON, N. J., June 30.—Max Wollenberg, a local merchant, was shot and killed to-day by Arthur Lasker, a negro. The negro in his flight shot and seriously wounded another citizen, who tried to stop him. The negro entered the store while Wollenberg was alone and grabbed a number of small articles from a counter and ran out of the store. Wolenberg gave chase and when he shouted "stop thief," the fleeing negro turned and shot him.

Laser was captured later and brought to the city. An immense crowd had gathered around the City Hall but there was no demonstration.

WARM WIRELETS.

Among the members of the new board of directors elected by the National Educational Association at St. Louis, are Misses Clem Hampton, of Gainesville, Fla., and Lydia Yates, of Wilmington, N. C.

Police Inspector John F. Shinberger, of Richmond, was shot through the body last night by a negro charged with murder, whom he was trying to arrest. The wound is a serious one, but not necessarily fatal, it is thought.

The Duchess of Valencay, who was Helen Morton, daughter of Levi P. Morton, before her marriage, was yesterday in Paris, granted a divorce from the Duke of Valencay. The charges against the duke were ill-treatment and neglect.

In the suit of Mrs. Estelle V. Pluckett, Richmond, Va., against the Supreme Conclave of the Improved Order of Heptasophs, the court rendered a decision, finding judgment for Mrs. Pluckett for $333.34, the amount tendered by the Heptasophs, counsel.

At Fayetteville, Ga., yesterday Steve Renfroe, 79 years old, shot his daughter-in-law through the head, killing her instantly. Renfroe and his victim disagreed about a cabbage patch. Feeling ran high for a while against the old man but it is unlikely that violence will be done him.

Ex-Senator Marion Butler, of North Carolina, announces his resignation as chairman of the executive committee of the People's party, and has designated J. A. Edmondson, of Nebraska, the vice chairman, to act in his stead and to open the Populist national convention that assembles at Springfield, Ill., next Monday.

Baron Von Sternburg, German ambassador to the United States, made the commencement address at the University of the South, Sewance, Tenn., and received the honorary degree of doctor of civil law. Colonel E. C. Gorgas, U. S. A., now in charge of the sanitation at the Panama canal strip, and an alumnus of the university, received the degree of doctor of science.

FISHING SCHOONER SUNK.

Run Down by the Steamer Deutschland. Captain and Crew Rescued.

By Telegraph to the Morning Star.

NEW YORK, June 30.—The Gloucester, Mass., fishing schooner Harry G. French, Captain Rufus McKay, was sunk in a collision with the Hamburg-American Line steamer Deutschland about ten miles west of Nantucket lightship early to-day. Captain McKay and his crew of sixteen men were rescued and brought here on the Deutschland, but they lost all their personal effects and the schooner's papers. The steamer was not injured.

LAZY MAN'S PARADISE.

The Women Are the Hard Workers In the West Indies.

On market day in the West Indies thousands of peasant women and girls can be seen walking along the roads to the town from their palm thatched huts in the mountains and woods. They carry on their heads immense loads of bananas, oranges, yams, plantains, brown sugar or tobacco, stepping along at the rate of four miles an hour with the gait of a princess.

Constant carrying of heavy loads gives them a splendid carriage. They will walk forty miles to market to sell 30 cents' worth of produce. Often they could sell the same stuff for a better price at their homes, but they enjoy the merry company on the road and the fun and gossip of the market place too much to give up their weekly jaunt. Most people think such a tramp hard work, but they regard it as a picnic. Tramping along over rough mountain tracks, fording swift rivers, tugging fractious mules in the way that they should go, these women never let their loads fall. They could dance a jig without dropping them.

Meanwhile the men folk, who have not even taken the trouble to sow or harvest the crops, much less carry them to market, are sleeping in the palm thatched hut or lying down in the yam patch outside and smoking the strong native tobacco.

"On my estate," said a coffee planter to an American friend, "I employ about 600 people in the busy seasons. The women outnumber the men by more than two to one and do far better work, though they are only paid 18 cents a day as compared with the men's 24 cents. The difference in wages is most unfair, but it is regulated by an iron bound custom."—Kansas City Star.

Oldest Family In the World.

Of the 400 barons in the British house of lords about a dozen date back to 1400, the earliest being 1264. The oldest family in the British isles is the Mar family in Scotland, 1093. The Campbells of Argyll began in 1190. Talleyrand dates from 1199 and Bismarck from 1270. The Grosvenor family, the Duke of Westminster, 1066; the Austrian house of Hapsburg goes back to 952 and the house of Bourbon to 864. The descendants of Mohammed, born 570, are all registered carefully and authoritatively in a book kept in Mecca by a chief of the family. Little or no doubt exists of the absolute authenticity of the long line of Mohammed's descendants. In China there are many old families; also among the Jews. But in point of pedigrees the mikado of Japan has a unique record. His place has been filled by members of his family for more than 2,500 years. The present mikado is the one hundred and twenty-second in the line. The first one was contemporary with Nebuchadnezzar, 606 years before Christ.

Thackeray as a Critic.

It cannot be contended that Thackeray was a great critic. Indeed, there is not doubt that, as a rule, he preferred second rate books of the first class to the greatest. For instance, while, as a matter of course, he admitted that Milton was a great poet, he added that "he was such a bore that no one could read him." Whatever one may think of the discernment of a man who says that, it is impossible to doubt his honesty. He was often led away by the character of the author whose works he was criticising. He disapproved of Swift and Sterne and rather grudgingly admitted their qualities, but he gladly praised Pope, whom he loved because of his infirmity and because of the love the poet bore his mother. His judgments came from the heart rather than the intellect. It was fortunate when these coincided.—Lewis Melville in Fortnightly.

Appropriate Dressing.

Henry Irving once preached quite a terse sermon on appropriate dressing. A clever young woman belonging to his company appeared at rehearsal one morning dressed in a lovely gown and a stunning hat. Irving commented on the unusual splendor of her get-up, whereupon the actress explained that she was going to a swell luncheon that afternoon and had saved time by dressing in advance. "Then run away to the luncheon first, my dear young lady," said the star. "Just now your mind, too, is dressed up for the luncheon and not for work. When you come to rehearsal come looking the part." The young woman, who is now a star, never forgot the lesson she learned that morning.

A Printer's Blunder.

A Paris newspaper on one occasion made a blunder which excited no small amount of merriment at the expense of a man of real talent. The following paragraphs, intended to have been printed separately, were by some error so arranged that they were read consecutively: "Dr. X. has been appointed head physician to the Hospital de la Charite. Orders have been issued by the authorities for the immediate extension of the cemetery of Mont Parnasse. The works are being executed with the utmost dispatch."

Men.

Here is little Johnnie's composition on "Men:" "Men are what women marry. They drink and smoke and swear and have ever so many pockets, but don't go to church. Perhaps if they wore bonnets they might. They are more logical than women and also more zoological. Both men and women have sprung from monkeys, but the women certainly sprung farther than the men."—Bloomfield (Ind.) Democrat.

A Honeymoon Experience.

The Groom—Would you mind if I went into the smoking car, dear?

The Bride—What! To smoke?

"Oh, dear, no! I want to experience the agony of being away from you so that the joy of my return will be all the more intensified."—Brooklyn Life.

I don't care to meet the man who has never made a mistake, for that infallible individual has likely never made anything else.—Macaulay.

The body of W. A. McQueen was found floating in the river at Miami, Fla., yesterday. On McQueen's head there is an ugly bruise and the theory by some is advanced that he was murdered and his body thrown into the river. McQueen was well known as a quiet and inoffensive man.
